

# Maryland Center for School Safety

## "SAFE TO LEARN ACT" TRAINING SOLUTIONS

### How SparkC can assist the Center for School Safety:

- Disseminate information on best practices, programs, and resources
- Provide Technical Assistance and Training
- Conduct collaborative training and preparation exercises
- Assist local school systems to identify resources and implement training for students and parents about relationship, violence, identifying the signs of unhealthy relationships, and preventing relationship violence
- Provide safety information on traveling to and from school to parents and students twice a year that includes data related to bus and pedestrian safety, strategies for ensuring personal safety, efforts of the local school system or school to improve safety

### How SparkC can assist the local school systems:

- Training faculty, administrators, administrators, and staff to identify, properly respond to, and report threats or behaviors of concern that may pose a threat to the safety of an individual attending or working in a public school
- Teaching students to identify, and encouraging students to report, behaviors of concern exhibited by their peers or others that may pose a threat to the safety of an individual attending or working in a public school.
- Increasing outreach to and the awareness of partners and guardians concerning the emotional and social health and well-being of students
- Develop a tailored, on-location Active Shooter Awareness training program focused on emergency management procedures, de-escalation, crisis intervention, active reporting. (\*\*procedures will be tailored for this specific location - providing usable information\*\*)
